FINANCIAL. The quietude of the week was well capped by the dullness of yesterday, but the demand for money gradually approaches more toward activity, with a plenteous supply of currency. Exchange on New York and the east quoted par baying, if premium selling; Fall River par; New Orleans if discount buying, selling at par. The New York Bulletin, of Thursday, reports: "New York exchange was quoted to-day as follows at the places named: Sayanah—buying, 3-16; selling, 5-16. Charlesavannah—buying 3-16; selling 5-16. Charles-on easy 3-16 premum, 4 premium. ton easy 14.33-16 premum, 14 premium. Cincinnati, steady; buying, par; selling, 1-10. New Orleans—commercial, par@1-16 premium; bank, 14 premium. St. Lonis, 50 nium. Chicago, 80 discount. Gold, a brokers here, was taken at 104%. The Baltimore Gazette correctly sums up the sit-uation as follows: "We note at all the trade enters, at home and abroad, an over-supply f tunds, very little demand for money for trade purposes, and, in consequence, low rates of interest prevailing on both sides of the water. There is, too, an entire absence of stock speculation on the part of what is known as the 'outside public,' and in London, as in New York, it is noticed that operations on the exchanges are almost altogether for account of the brokers themselves. Investors have recently lost so largely by sudden and heavy declines in the prices for account or another that he element of fluctuation is as far as possiturn is likely to be made in the way of interest or dividences is now overshadowed by the question of the absolute security of the investment. Naturally, therefore, prices for 'securities of undoubted safety have risen to very high figures, and prices for securities of a character at all doubtful have declined heavily, and in many cases to such low figures as can only be explained by the general prevailing distrist." THE MOST POPULAR PILL ever furnished the American people. The highest medical authorities concede their superiority over all others, because they possess alterative, tonic, and healing properties contained in no other medicine. others, because they possess already, the healing properties contained in no other medicine. Being strongly Anti-Bilious, they expel all humors, correct a vitiated state of the system, and, being purely vegetable, they do not, like other pills, leave the stomach and bowels in a worse condition than they found them, but, on the contrary, impart a healthy tone and vigor before unknown.

OUR WORDS INDORSED. Dr. C. L. MITCHELL, Ft. Meade, Fla., says: "I know the superiority of your pills and want to see them used instead of the worthless compounds sold in this country." Rev. R. L. SIMPSON, Louisville, Ky., says:
